

GLUTEN-FREE PASTA

PASTA SENZA GLUTINE

RISCOSSA

the Warmth of Puglia since 1902

GLUTEN-FREE PASTA

Three classic pasta shapes, delicious for everyone, but specifically designed for those needing a gluten-free diet. Made with rice flour and brown rice, corn and quinoa, Riscossa gluten-free pasta is appreciated for its sensory qualities. Quinoa, in particular, is nutritious, rich in minerals and has a high protein content. This medley of ingredients greatly improves flavor and texture, providing nutritional values that are closer to those of traditional pasta.
